Students are provided correct and updated information about quality of the faculties, teaching systems and resources, courses offered environment and other facilities including all costs of the first class institutions in the overseas countries. This helps the students to get a clear idea about what is best for them.

Professional Approach

While dealing with the requirements of the students coming to us, our expert counselors ensure that each and every case is handled methodically with best of their professionalism for 99% success. The entire process is systematized and quality controlled so that lapses if any are minimal.

Worldwide Accreditation

Microtrade consultant service is accredited with many world-class education providers in different countries. This results in a wide array of options for the students to choose from depending on their personal career ambitions.

Value Added Services

We understand the needs of our students and in all deserving cases; we make special efforts for scholarship, credit transfer and waiver for course duration wherever possible to minimize the cost of study.

Why We Are

Microtrade Consultants Services can boast of a panel of expert and experienced education counselors, backed up by a highly dedicated and professional band of executives.

Our Management has a background of a decade-old successful career experience in professional student consultancy. We have a professional team of expert counselors, trained visa-processing and marketing personnel and advisers.

Microtrade Consultants Services Is a Global Network, we aim to put your mind at ease and provide a one stop -shop to all University Application requirements and licensed by Bangladesh (Dhaka) City Corporation. We are committed to maintain high level of professionalism in our service. We are particularly mindful to present a transparent modus operandi before our clients. We follow a clear set of procedures so that everyone is served with consistency and we can utilize our resources optimally. We provide a bundle of services to students aiming to go abroad for higher studies. They are demarcated in several distinct steps.

The first package of services that we provide to students is called career counseling and is totally free. Our counselors have many years of counseling experience behind them and we also have built a rich pool of information by constantly adding feedback from students studying abroad. When a prospective student comes to us, our counselors first gather necessary information regarding educational background and future aspirations. They brief the student about general patterns in overseas education and how he/she personally fits into the picture. Then counselors present a wide choice of options before the student and help him understand what different choices entail. Students then take some time to think over about choices available to them. After

that, counselors help students to make a shortlist of probable destinations through intelligent choices. All these services are given to students free of cost. When the student makes up his mind about his choice of subject and destination institutes, we proceed with our second package of services.

We register the student as our client; registration entails a fee payable at the outset. Then we help the student to apply to his/her chosen institutes. We guide them over filling up all necessary information, writing of essays and statements of purposes, validation of academic transcripts and preparation of financial documentation, and other necessary steps. We then follow up applications with the universities and press for quick decision. After a favorable response from the university, our visa facilitation staff works with the student and his/her family to put together an authentic and robust dossier of papers so that the student can meet all requirements. We have experienced staff and in-house advisers who then prepare students to face visa interview. With successful visa-processing comes our next service package. We assist students in making travel arrangements, foreign exchange procurements, getting accommodation.

We provide comprehensive pre-departure briefing to students so that he/she becomes well informed about the culture, environment and civic life in foreign locales. We also provide airport pickup at destinations. We will also
